City of Ljubljana

City of Ljubljana

Ljubljana 2025 Vision (2007)

- **Ideal City**
 - In the future Ljubljana will nurture its history
 - The participation of the residents will be encouraged
- **Metropolis**
 - Quality of life, safety and tolerance
 - Modernization of the traffic connections
 - Handling with the land will be efficient
- **Environmentally friendly city**
 - City interconnected with the landscape
 - The traffic in the city center will be rebuilt
 - The nature around Ljubljana will be protected

PROVIDING BEST SERVICE
IMPROVING QUALITY OF LIVING

City of Ljubljana

Preserving and protecting
- nature, biodiversity and green urban areas -

City of Ljubljana

Preserving and protecting

- Green areas: $\frac{3}{4}$ of all the City's territory
- Forest covers 46% of the City and reaches into city center
- 1.400 hectares of special purpose forest
- 560 m² of green areas per inhabitant
- 20% of the area has nature protection status
- Monuments of designed nature
 - Castle Hill
 - Botanic Garden (the oldest in SE Europe)

City of Ljubljana

Our priority is TO PRESERVE Ljubljana's green lungs

- 4 protected landscape parks (13,8% of the city surface).
